PROFITEERS GRAB \$1200 FROM EVERY FAMILY

Increase in Commodities Unjustified and The Profits Absorb Half The Cost of Manufacture—Startling Facts

WASHINGTON, May 7.—A study of profiteering in American industry, made under the supervision of the Railroad Brotherhoods, was presented to the railroad labor board today in support of the railroad workers' demands for higher pay and to refute the charge that increase labor costs are responsible for the high cost of living.

Prepared by W. J. Lauck, former secretary of the war labor board, the study seeks to show that profiteering in industry is the fundamental cause for high prices. It gives many statistics to support that contention.

Calling attention to the many war-made millionaires, the study contends that the increase in the wealth of the wealthy is an "unanswerable" refutation to all attempts to charge labor with profiteering.

"For, if invested wealth gets a larger return," says the study, "the man who gives personal service or labor is bound to get a smaller proportion."

Sugar Increase 300 Per Cent.
Of the extraordinary increase in the price of sugar now amounting to 300 per cent, the study says the increase in labor cost paid by the consumer was less than 15 per cent. The result of advanced prices, according to the quoted reports of twelve companies, was pictured in the net profits of these concerns, which it was said rose from an

average of \$11,000,000 during the years 1912-1914 to \$34,000,000 for the years 1915-1918.

In the meat packing industry, where profits were said to have increased between 300 and 400 per cent, the labor item was shown so small that a wage increase of 100 per cent would add less than 5 per cent to the total cost of meat. The increase in prices between 1914 and 1918 was shown as eight times the total labor cost, and the 1918 price represented 25 times the total labor item.

Profits Absorb Half Cost
Profits absorb approximately one-half the retail price of certain kinds of cloth, the report declared, while the labor item amounts to from one-fourteenth to one-twentieth of the price. Similar relations were pictured in the manufacture of men's garments.

The profit items in shoes in 1914, it was charged, absorbed nearly one-half the price paid by the consumer, or nearly three times the total labor cost, while in 1917, the profit items amounted to approximately three-fifths of the total price and over five times the total labor cost.

\$1200 Per Family
An average of \$1200 per family of five during the years 1916-1918 was declared to be probably a highly conservative estimate of the actual cost of corporate profiteering to the consumer.

"Y" FIELD TO BE DEDICATED TODAY

An impressive ceremony dedicating the new Y. M. C. A. athletic field will precede the high school track meet, to be held at First and Blissell this afternoon.

While it is not entirely completed and does not represent the finished plans of the Richmond Y. M. C. A., the lot at First and Blissell will be formally dedicated an athletic field by Mayor J. N. Long and City Attorney D. J. Hall, who will each make ten minute talks on how they used to cut up when they were kids.

The securing of this field as a recreation center for Richmond youngsters is but the first step in general welfare work that is planned by the Y. M. C. A.

Bids for the construction of a new building for the Mechanics Bank, at Ninth and Macdonald, are being received by Architect James N. Harbott.

CAR TURNS TURTLE

In an attempt to pass a large truck on the road to Winehaven, yesterday morning, Joe Frankenstein of Burlingame was severely injured as his car rolled over the ledge.

The road is a narrow one and the grade very steep and Frankenstein's car turned over many times before coming to rest at the bottom of the cliff. He sustained numerous cuts and bruises.

McKALE HEARING HELD
An information charging Frank McKale with an attempted statutory offense was filed in the superior court yesterday by District Attorney A. B. Tinning. McKale was arrested a month ago following complaint by Miss Mary McCallum. McKale will likely be arraigned in the superior court Monday if it was declared at the district attorney's office.

RUSSELLS ENTERTAIN
The home of Mr. and Mrs. C. O. Russell, 929 Barrett avenue, was the scene of a very attractive party Thursday evening. Cards were the diversion.

MINCED PHILOSOPHY

* Idleness not only leads to crime, but it is crime.
* The Devil always has more money than the Lord.
* The Bolsheviks are taking Russia step by step.
* Luck trails along in the path of industry.
* There was camouflage before the word was invented.
* It is the committee of one that accomplishes things.
* Friends in adversity are forgotten when prosperity shows up.
* It appears that Ireland is going to stand Pat.
* If you suspect everybody, but yourself, why not make it unanimous?
* Looks like Mr. Common People would soon become extinct.
* When New Year's comes again, what can we swear off?

PLAN TO RECOUNT CENSUS FIGURES

Norman Lombard of the Foreign Trade Club of San Francisco addressed a large meeting of the Chamber of Commerce last night. His talk was devoted to outlining the plans of the Trade Club, which is to hold a convention within a few weeks at San Francisco, in building up a bigger traffic with the Oriental business concerns.

All of the bay cities were mentioned in his plans for the Pacific's great commercial intercourse with the Far East and he impressed his audience with the fact that Richmond must get busy if she is to keep up with the tide of possibilities in this line.

It was decided by the members that a recount of the census returns be asked. Although authentic figures of the population were obtained by the Western Directory Company of Long Beach, which gave Richmond about 18,000 inhabitants, while the school census and voting registration estimate the population at 25,000, government records show only 16,167.

The Chamber of Commerce plans to make a recount of the names, assisted by the city, and if it is found that the total comes to over the 16,167 figured by the government, they will ask that a recount be made by the federal authorities at the city's expense.

This difference of some two or three thousand means quite a bit more than a little higher place in the almanacs, for it results in a smaller federal appropriation than might be obtained if the population were shown to be greater.

ROTARY CLUB IS FOR SCHOOL BONDS

At a meeting of the Richmond Rotary Club, held yesterday, every member of the organization voted an endorsement of the school bonds and pledged themselves personally to vote the same way at the election next Wednesday.

Samuel P. Johnson, advertising expert of San Francisco and one of the best known advertising men in America, gave a splendid thirty minute talk upon truth in advertising and told of the wonderful ramifications and aids to business that the modern advertising agency is to selling. He impressed upon the Rotarians that advertising is "business news and should be true, interesting and should be new every time it is run."

DISCOVER NEW FUEL FOR CARS

**Italian Chemist Has Found a
Substitute for Gasoline—
San Francisco's Population
Is Now 507,000—Oakland
Women Introduce Commun-
ity Bread Market**

SAN FRANCISCO, May 7.—While the California Packing Corporation has announced that it will soon be manufacturing motor alcohol fuel, a substitute for gasoline, at its Honolulu cannery, Dr. Pastorel, a noted chemist of Rome, has discovered a method of producing liquid hydrogen, which will take the place of gasoline at about one-fourth the cost of the latter, according to a dispatch from Rome today. The new liquid hydrogen may be used in driving automobiles, one gallon being sufficient for 370 miles, says the dispatch. It also may be utilized in railroad locomotives and in the engines of ocean steamers.

CENSUS SHOWS INCREASE

WASHINGTON, May 7.—San Francisco's population is approximately 507,000 and its percentage of growth for the past decade is identical with that of the ten years from 1900 to 1910.

This is an increase of 21.6 per cent over the census of 1910, when the population was 416,912.

The actual increase of inhabitants in that city, according to the figures, is 90,088.

San Francisco's position relative to other cities will be uncertain until the census from all other large cities is announced. It was eleventh in 1910 and may move up to tenth place, although there are at least two other cities the population of which was less than San Francisco in 1910 which may rank higher when the figures are tabulated.

Numerically the increase in San Francisco's population is greater than in any preceding decade that the census has recorded except in 1870, when the increase was \$2,671, although this is not true, of course, in the matter of percentage of increase.

HOUSEWIVES SELL BREAD

OAKLAND, May 7.—Loaves of bread, large and small, piled high upon tables, railings and chairs on the front porch of Mrs. A. T. Kalas, president of the Oakland State Housewives' League, at 5255 Belvedere street, this afternoon was the method employed by one of the east bay women's groups to meet current fiscal problems.

With the bread supplied by a baker with whom arrangements had previously been made and retailing at 13 cents a large loaf, Mrs. Kalas herself acted as "storekeeper" throughout the afternoon. Women of the league came from various parts of the city to be her customers.

No strike of bakery wagon drivers is anticipated and no immediate advance in the price of bread is contemplated by the Eastbay Manufacturing Association, according to its secretary, M. T. Bracken. Bracken

(Continued on Page Three)

A FEW SMILES

* "You can't get an intoxicating drink except with a doctor's prescription," remarked Mrs. Cornstossel.
* "Yes," replied her husband.
* "I was just thinkin' of writin' to our boy Josh tellin' him to drop law an' study medicine."
* Accomplished
* "Now, Gerald, I hope you are not going to marry a mere parlor ornament. In other words, I hope the girl you have selected is a girl who can do something."
* "She's that, all right. Why, that girl can roll a cigarette better than I can."
* Reversed
* "Gayboy's going to France this summer to take the cure."
* "Cure for what?"
* "Prohibition."

HIGH SCHOOLS IN TRACK MEET TODAY

Richmond athletes will be led by Norman Woodford as track captain when they trot on the field this afternoon to compete for highest honors in the Contra Costa county high school meet.

Although there will be hot competition from the other five schools in the meet the local lads are billed to carry home the bacon, and they promise to live up to all expectations.

Norman Woodford and Franklin Brooks will take care of the sprints for the local team.

Johnny Kovacs is taking the pole vault at 9-1-2 and if scared into it can do another twelve inches.

Jack Huserka is doing better than five in the high jump and will also shine in the high and low hurdles. Lloyd Jackson is hurling the disc at better than 100 and the javelin up to 120. Curtis Smith is expected to win the half mile, which he is doing on a dirt track at 2:12.

Art Fisher, sophomore, has stepped to 440 in 56 and is looked upon as one of the winners.

RUNAWAYS ARE ON WAY TO YOSEMITE

Huckleberry Finn would turn in restlessness in his grave if he could hear of the adventures of Ralph Beebe, aged 14, and Richard Moskowitz, aged 16, who have set out to seek fame and fortune.

Having sat on the edge of their seats while eagerly following the perils of a runaway boy in the movies, who of course eventually returns to his "old home town" in the midst of great celebration and festivities in his honor, the two local lads last Friday night packed up a few belongings in a blanket and departed for the world of romance outside of their own small circle in Richmond.

Now of course they knew that their folks would worry, so upon arrival in Stockton on Thursday they dutifully wrote a postcard to Mrs. Hattie Beebe, saying that they were on their way to the Yosemite.

The boys have a rifle with them and it is thought that they mean to live on the land indefinitely.

The distracted parents of the novice wanderers left this morning in an automobile for Stockton, whether they will endeavor to pick up the trail of their sons.

THE SCHOOL BOND ISSUE OF ABSORBING INTEREST

Factionalism Should Be Abolished—Every Issue Must Stand On Its Own Merits —Children God's Flowers

The News deprecates the tendency of its contemporary down the street to rail at anybody and everybody who may not be of its opinion, on a bond issue or any other issue. That sort of thing does not make friends or make votes—it merely widens the gaps caused by factionalism, of which there has already been altogether too much in Richmond, as The News has frequently pointed out.

Every issue before the voters should and must stand upon its own merits, and for Smith to fight something just because Jones is for it, and vice versa, shows a lack of good sense and judgment upon the part of both Smith and Jones.

We believe the independent is entirely mistaken about there being a "determined effort" to defeat the school bond election. If there was any such "determined effort" The News would have known about it long ago. There is none. Here and there one finds an occasional individual who is against the issue, and he is entitled to his opinion, but there is no concerted effort whatever against it.

The News is of the candid opinion that the school bonds will carry by a good majority, but whether that majority will be sufficient to constitute two-thirds is something no one can foretell. We do know, however, that since the recent school board election the sentiment has changed materially in favor of the bonds. Why this may be is immaterial. The fact is what counts.

If there are any persons who are antagonizing the school bond issue "to get even," as the independent asserts, they are in poor business, and are keeping very quiet. We believe there is less of that "get even" spirit now than there was a month ago, and we are very glad to note it. "Getting even" never got anybody anywhere, but it has been known to kill projects and kill towns.

As to the alleged "real estate knockers," we opine that to be an error, also. We have heard no real estate men doing any knocking against the school bonds. It is a fact, however, that the old Point Richmond school site, the Nystrom school site, the Peres school site and the Lincoln school site, were all made a present, outright, to this city by the realty men.

And so we are inclined to the

belief that our journalistic neighbor went off half cock.

A Personal Inspection

The News said two months ago that it did not intend to throw any monkey wrenches into this steering gear. Those were the exact words. They hold good yet. All we want to do is to get all the facts available and lay those facts on the table, face up, so the people can have information and vote intelligently. Personally, this editor intends to vote for the school bond issue.

Why shouldn't we so vote, even if prevailing prices of land and of building are high? So is everything else high—and then some. We figure that if the bonds carry it is going to cost us, individually, about two-bits a month, eventually, and, speaking for myself, we arise to remark that when it comes to the welfare, the education, the bringing up and the pleasure of the thousands of dear little kiddies of Richmond—those of whom Christ said, "Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of heaven"—say, folks, this scribe does not care a tinker's dam about that two-bits a month! If that ain't enough, we'll make it fifty cents!

In point of fact, if the school bonds carry the cost to the average home-owning taxpayer will be about 15 cents a month, an amount which he spends on a single cigar.

So yesterday afternoon we went with H. A. Johnston and Prof. Helms to all the schools and all the sites and proposed sites, and looked the whole situation over personally, and asked a lot of questions, and here, briefly, is what we found out:

There are 550 children at the Lincoln school, and so crowded that many teachers have to be among them at recess to keep them from harm. They are like a big flock of sheep in a crowded corral. The Board of Education, to which we have just elected Mrs. Stivar, wishes to purchase half a block across Ninth street for an additional building and playgrounds. For some of his land they have to pay a fairly big price, but on a number of lots and properties they have options at low figures. We saw the properties and the prices, and on the whole would say that

It Pays to Have a Savings Account In the Mechanics Bank

Whatever purpose you may be saving money to fulfill—it pays to open a Mechanics Bank account—pays and helps. It provides a system under which you can watch the accumulation grow, while all the time your fund is protected from thoughtless, wasteful spending and held true to your object. Besides, it pays interest—four per cent per annum, compounded twice yearly—a nice little item of profit to add to your own effort.

THE PAPER
OF THE
WORKING
PEOPLE

WHY THIS UNREST?

A friend asked last evening why it
was so much unrest was prevalent among
all the people, and we told him, as best
we could.

In the first place, we have been into
a world war, and the people, as a mass,
have had opportunity to learn many
things of which they were ignorant be-
fore, and in consequence they have differ-
ent conceptions and ideas. Several mil-
lions of our young men were sent all
over the world. They mingled with all
kinds of people and all kinds of condi-
tions, and they learned much of which
they had never dreamed before. They
are back home now, and they are thinking
along different lines than they used to.
Hence much of the unrest and much of
the changes which have been, are and
will continue to take place.

All that forms one big reason, but
there are many other reasons, chief
among them being the unheard of ex-
ploitation of the masses of the people by
the monied classes. The war put thou-
sands of men into the millionaire class,
and they have seemingly joined hands
in one monster effort to grab every dol-
lar there is in sight, with the result
that their business tactics and profiteer-
ing methods have got to be a regular
drunken orgy. And because of this the
people are muled at every step, and
every dollar they can get hold of, in
spite of the fact that their wages are
high, is taken away from them, by hook
or crook, as soon as they get it. They
are sore over this, and full of unrest.

The burning up of money by the gov-
ernment, and the same by state govern-
ments and public officials everywhere,
is another source of great unrest. Half
of everything the people earn is immedi-
ately taken away from them, directly or
indirectly, in the shape of taxation, to
pay for all this crazy spending of money
by government and officials by the tens
of thousands. If you buy a suit of clothes
today, or anything else, it is a cinch
that the income tax, federal tax, state
tax, county tax, corporation tax, city tax
and every other tax is right there in the
bill, and all that makes the bill fifty per-
cent higher than it would have been had
it not been for all that taxation, much
of which is wholly uncalled for and un-
necessary.

Dishonesty and graft in high places, in
officialdom generally, all over the land,
is another big and grave cause. The
average man or woman looks around and
finds the congressmen and senators, and
thousands of others, doing nothing what-
ever to stop the robberies constantly go-
ing on, and the conclusion is naturally
arrived at that the politicians and of-
ficials are standing in on the greed and
graft, and getting their rake-off, or they
would put a stop to at least a part
of it.

A year ago the people elected a Re-
publican majority in both houses of Con-
gress, on the direct promise that the high
cost of living would be brought down
and many things done for the betterment
and benefit of the people.

What has been done by that Congress
to keep one single pledge of that sort?
Anything at all that you know of? It
has done nothing of the kind that we

know of, but instead has used up billions
of money and no end of hot air talking
about things of which the people were
much less interested in than they are in
what it is costing them to live.

Have you noticed any California Sena-
tor or California Congressman going to
the bat against the wholesale robbery
that is going on and the unlawful and
ungodly exploiting of all the people by
the few? If so, which one was it? We
would like the information, and will be
glad to publish it.

There is great unrest among the people,
yes, all over the land, and that is not
all—it is going to get worse. And in
the course of a year, unless conditions
change, that unrest will, in our humble
judgment, turn into an upheaval that will
be something worse than awful in its con-
sequences.

There is nothing strange or hard to
account for in the general unrest. The
only marvel is that it has not broken
loose before now.

The people are doing a lot of sober
thinking, and the more they think about
the way they are being robbed and held
up by those in power and by so-called
"Big Business," the madder they get,
and the madder they get the more unrest
there is among them.

THINKOGRAPHS

What constitutes a reasonable profit depends
somewhat on whether one is buying or selling.
Many uses may be made of stale bread, in-
cluding the selling of it by many dealers as
fresh.

Most men who died from overwork had
their feet under the dining table when they
overworked.

A man with a bum car can easily imagine
that the Lord was a little careless about leveling
the country.

An optimist is a fellow who travels over a
long, rough road and enjoys the fine scenery
to the left and right of the road.

Children are constantly being urged to speak
the truth, although grown people tell more lies
than children do.

We don't worry about the origin of man,
but occasionally are curious to know what on
earth is going to become of man.

Many people are becoming so weary of the
antics of Russia that they don't care what hap-
pens to that country, so long as it is something
bad.

It is getting so you can tell which girls
have been vaccinated by merely looking at them
on the street. You can tell, regardless of where
they are vaccinated.

The man who starts a conversation with "I'm
for Uncle Sam, but it seems to me," etc., always
arouses our suspicions.

The people need to learn that the chief func-
tion of government is not to "father" and
"mother" the people of a nation, and the per-
sonnel of the government needs to learn that
the nation was not primarily ordained to supply
men with offices.

Our pastor said in his Sunday sermon that the
Lord intended every man should have plenty of
good things to eat. We said, "Amen." And
he said the Lord intended that men and women
should have a whole lot of good things to wear.
But what's the use? The women won't wear
'em.

GOVERNOR STEPHENS SUPPORTS CAMPAIGN

Governor Stephens, in a statewide proclamation issued yesterday, endorsed the home service program of the Salvation Army and the financial appeal to support this program, which is to be made May 10 to 20. The proclamation is as follows:

"The Salvation Army has set aside the period from May 10 to 20, inclusive, for its home service campaign for funds to carry on its work in California.

"The several institutions maintained by the Salvation Army in this state are rendering valuable service and are deserving of generous support.

"A comprehensive home service program has been outlined for 1920. All are familiar with the unselfish, efficient service given by the Salvation Army during the war—the same measure of service is now being rendered at home.

"Sunday, May 9, has been designated as Salvation Army Sunday, and I trust that the clergy of California will give the movement all possible encouragement."

Highway Work Is Progressing

O'Brien Bros. have started pouring concrete on the Franklin Canyon highway and have approximately one-half of the roadway laid and good progress in grading is being made on the Martinez-Dubois highway by Contractor Fred Ronald, according to Surveyor R. R. Arnold. Ronald will complete all grading within two weeks. He has been delayed in securing equipment for pipe lines, but it is expected it will arrive within a few days.

Mrs. J. H. Perry entertained the Thursday Afternoon Club at her home, 445 Thirty-seventh street, Thursday afternoon.

Local Lodge Is Largest Of All

At the regular convention of Richmond Lodge, Knights of Pythias, report was made that 23 members, accompanied by four pages, had visited California Lodge, No. 1, at San Francisco Thursday evening to witness the conferring of the rank of esquire by the oldest lodge west of the Rockies. Col. A. T. Davis, A. S. Lilly and Charles Woodruff spoke.

G. H. Westover, L. F. Whiting, J. J. Whalen and William Wise were appointed a visiting committee for May to assist the relief committee in care and visitation of the sick and distressed.

One application by transfer and ten by initiation were elected to membership, and an application for reinstatement was referred to investigating committee. The rank of page was conferred on ten strangers, giving Richmond lodge a membership of 389.

W. R. Williams, E. S. Hart, W. H. Williams and W. J. Bray, recently admitted to membership by transfer, were present, and were introduced in an informal reception.

Next Friday night the lodge will open at 7 o'clock and confer the ranks of page and esquire, so as to clear the desk of pending applications before grand lodge convenes at Yosemite May 17.

Richmond Company, No. 13, Uniform Rank, will hold an assembly on Monday night to complete arrangements for the brigade encampment at Yosemite.

On Monday evening, May 10, there will be an apron and overall dance in the Ballenger-Narbutt hall, given by the Order of Amaranth, to which all Masons, Eastern Stars and friends are cordially invited. Admission, 55c couple; extra lady, 25c. 108-31

PUBLIC STENOGRAPHER

Around The Bay

(Continued From Page One.)

made the statement this morning following a conference of members of the association at which a counter offer was made to the demands of the drivers for a weekly wage of \$48. Instead of the \$8 increase, a \$2 advance is proposed, bringing the weekly salary to \$42. The bakery wagon drivers will consider the new proposition at their meeting on Saturday night.

BASEBALL PLAYERS RELEASED
SAN FRANCISCO, May 7.—Tom Seaton and "Casey" Smith, leading pitchers of the San Francisco baseball team, were today given unconditional release, following charges of irregularity in their playing and attitude toward the local club.

While no direct charges of gambling or conniving with gamblers is mentioned in the statement issued by the directors of the local club this morning, it is supposed that the players' releases were a direct result of such practices on their part. One of the pitchers was involved in a similar affair last year, but the news of the scandal was suppressed.

WOMAN ROUTS BURGLAR

OAKLAND, May 7.—Awakened by the glare of a pocket flashlight in her eyes shortly before 1 o'clock this morning, Mrs. E. H. Reel, 1480 Eighth street, saw standing near her bed the form of a man portrayed against the window of her room. He was scarcely three feet away. She sprang from her bed and grappled with him. The flashlight was knocked from the man's grasp. After a struggle of several moments the burglar wrenched himself from Mrs. Reel's grasp and plunging through an open window escaped. Nothing was taken from the house. It is believed by the police that the burglar had just entered the house through the window of Mrs. Reel's room and that he had not had time to ransack the house. Finger prints were secured by the police.

WOMAN LAWYER TO BE TRIED

SAN FRANCISCO, May 7.—Miss Gail Laughlin, attorney, suffrage leader and clubwoman, was today charged with poisoning the mind of Dr. Mary A. Sperry against her mother, Mrs. Mary Simpson Sperry, in a contest filed in the superior court by the mother to the will of Dr. Sperry, in which Miss Laughlin is named as the principal beneficiary.

The contest was filed on behalf of Mrs. Mary Simpson Sperry by Attorney Timothy Healey of the firm of John L. McNab, Timothy Healey & Burton Coleman.

Dr. Sperry died May 9, 1919, leaving an estate estimated in value at between \$75,000 and \$100,000. Ten days after her death Miss Laughlin filed in the superior court a document purporting to be Mrs. Sperry's will. Miss Laughlin was named as the principal beneficiary. The will was admitted to probate, and Miss Laughlin was named as executrix.

BERKELEY POLICE TO PARADE

BERKELEY, May 7.—Members of the Berkeley police and fire departments will hold their annual review next week in front of the city hall. Orders were issued yesterday for the members to appear in uniforms and full equipment at 1 o'clock Wednesday. Commissioner of Public Health and Safety Charles D. Heywood, Police Chief August Vollmer and Fire Chief G. S. Rose will comprise the reviewing party.

RED MEN INITIATE EIGHTY TONIGHT

As the usual meeting place on Fifth street is too small to accommodate the large crowd that will attend this evening's meeting of the Onetah Tribe of Improved Order of Red Men, the Richmond clubhouse will be the scene of festivities.

The lodge will receive at least eighty new members and all of the degrees will be conferred by the crack team of Onetah Tribe of this city. Following the ceremonies a banquet will be staged and an entertainment given lasting several hours. It will be under the direction of a committee composed of Dan Noziglia, W. W. Campbell, Emmett Gainsford, Ralph McLoughlin and A. O. Finley. The banquet is being prepared by large "crews" headed by Frank Grunhut and H. B. Hollenbaugh.

OREGON MAN HERE

C. M. Brewer, formerly manager for the Bellamy Corporation, Oregon and Washington, was in Richmond yesterday. Mrs. Brewer and their son accompanied him. They will leave today for their home in Albany, Oregon.

Other members of the city council also will be on hand.

WEBB ON GRAFT CASE

SAN FRANCISCO, May 7.—Attorney General U. S. Webb is already at work upon the San Francisco police court graft investigation. Within a few hours after the letter from Governor Stephens, directing him to take charge of the probe, had reached his hands Webb was outlining a preliminary survey. It is expected that he will make a public statement before the end of the week.

Webb has been welcomed by District Attorney Brady, who has issued an announcement inviting cooperation of the state attorney general and explaining why bail had been exonerated in two instances. Brady admitted that he may have erred from a technical standpoint, but denied that he acted from other than the dictates of his heart and mind.

CONN BROS.

285 Sixth Street

LOCAL LA CONICS of Richmondites

Darrell Townes spent a few days resting at Visalia.

Attorney T. M. Carlson was attending court business at Martinez yesterday.

Miss Edith Lloyd, News book-keeper, leaves this morning for a week-end visit at the home of her parents at Santa Cruz.

The organized labor lodges of Richmond are discussing the Gompers plan of non-partisanship, and it is largely finding favor with them, as it should.

Tomorrow, Sunday, a big game of baseball is on the tapis between a crack team from the California Cotton Mills, Oakland, and the Richmond Elks. It will be a fast game.

Dropping in at a cafe for a cup of coffee at midnight last night we ran into Harry Mieser, Ernie Kueffer, Dan Nostig and Dan Reardon, and so let Kueffer pay for the coffee. It is always legitimate to pull these dodgasted politicians' legs.

Attorney Wilbur Pierce leaves this morning for Texas, where he goes on a speaking tour in the interests of Senator Johnson's presidential campaign. Upon returning from there he will also make Oregon. Pierce is some political spic, all right, and a fine fellow to boot.

Miss Mary Smith, who was for many years connected with the R. G. Jones Dry Goods Company and for the past two months has been with a large banking house in San Francisco, is to move to San Anselmo next month, where she will be connected with the Crane Dry Goods Company.

When the state convention of Christian Endeavor meets at Fresno on June 26 there will be a large delegation from Richmond in attendance. Plans for the trip to be made next month by many of the young folks were made Thursday evening at the Good Time Rally of the First Presbyterian church.

Mrs. Foster G. Conn, former popular young matron here, who has been making her home in Modesto for the past several months, where Mr. Conn has a most desirable business proposition, is here preparing to re-enter a San Francisco hospital. Mrs. Conn was in the hospital a few months ago. Mr. Conn will arrive on Saturday.

In a display window at McRacken's store is a bushel of guns and a lot of pictures, all bad looking guns and bad looking actors. It has to do with some blood-curdling cowboy story Dan Reardon is going to pull off at the T. & D. The shooting irons came from Oklahoma, and they reminded us of the time in early days when we punched cattle there before it was Oklahoma—it was Indian Territory then.

The county, thanks to Zeb Knott, is fixing up the roads and streets out toward San Pablo in good shape, while Twenty-third street, from the paved section to where it becomes county property, is a shame and a disgrace. The city street department either ought to fix that street or resign and let somebody in the office who will. Patience out that way is ceasing to be a virtue.

Mrs. Mary Bentley has returned from a visit with friends at Winters.

Mrs. Fred Snively has returned from a visit at Woodland with friends and relatives.

Constable Alstrom was at the county seat yesterday, filing papers in a local suit.

Mrs. L. S. Schrader, 152 Fourth street, was the hostess at yesterday afternoon's meeting of the Ladies' Aid of the First Presbyterian church.

George Calvert of the telephone company will soon move into his new home on Roosevelt avenue, near Twenty-second street.

The young people of the Evangelical church here are planning to attend a district convention to be held in San Rafael May 30.

Oakland merchants get half the trade of Richmond because they advertise for it. Whatever one does not get after one does not get.

Work has been started on a new \$10,000 residence for Mr. and Mrs. Thomas Douglass at Richmond Boulevard and Thirtieth street, formerly known as Barrett and Wilson, in the Richmond Center Tract.

Deputy Sheriff Will Veale was in town yesterday, attending to official business and talking politics on the side. We interviewed him on the county political situation, and he said he thought the rainy season was "about over."

In honor of Mother's Day, the following program has been arranged for the library story hour this afternoon at 3 o'clock: "Which Loved Best," a poem by Joy Allison; "The Cap That Mother Made," "Mrs. Chinchilla," and "Cornelia, Mother of the Gracchi."

Funeral services will be held this afternoon for Arlyle Curtis, son of Mrs. Bert White of San Pablo, at the Curry undertaking establishment. Interment will be made in Sunset new cemetery. The lad, who was 11 years old when he died yesterday, is survived by his mother and the following brothers and sisters: Floyd, Lyle, Myrtle, Mary and Arthur.

Alfred Childs, well known Standard Oil official, was married in San Jose Thursday to Miss Hilda Constine of San Francisco. The ceremony was a quiet affair, with the brother and sister-in-law of the bride as the only attendants of the happy couple. They are now in Los Angeles on their honeymoon, after which they will return to Richmond to reside.

Senator Sharkey was a Richmond visitor yesterday and failed to show up at the News office, for which he is hereby fined \$10 and costs, and next time it will be a jail sentence. Honest to goodness, we don't know anything about that alleged senatorial candidate. We are not guilty. All we have heard since about it was that he expected to get the labor vote.

WANTED

The News composing room needs some good clean rags, and will pay 5 cents a pound for them.

MICKIE SAYS

"THE REASON SO MANY FOLKS SEND ANNY FOR STUFF IS BECAUSE THE MAIL ORDER HOUSES IN THIS CITY STORES ARE ALWAYS ADVERTISING AN' HUSTLIN' FOR THEIR BUSINESS. OUR OWN STORE KEEPS AN EYE ON THEM. EVERYBODY HERE AT HOME BY GETTING ADVERTISING IN THIS STEADY PUNISHMENT OF PUBLICITY."

WAVERLY TILDEN MARRIES L. A. GIRL

Announcement was made yesterday of the marriage of Waverly Tilden, son of Mr. and Mrs. E. M. Tilden of Mira Vista, to Miss Bertha Bragg of Los Angeles.

The young couple eloped to Santa Cruz and were quietly married last Saturday, returning to their respective homes. They made no mention of the event until publication of the application for license was seen in Watsonville papers.

The bride was raised in Los Angeles, where her people are prominent. She has recently been living in Oakland, where she met her husband. She is rated as a most attractive young woman and friends of her husband in Richmond who have met her have been charmed by her gracious manner and beauty.

Waverly Tilden is one of the best known young men of this city. He has lived practically all of his life in Richmond, except for a year and a half he spent with an engineering division in France. He is a graduate of the Richmond high school and a member of Richmond Lodge of Elks. Since completing his education he has been connected with the Tilden Lumber Company, first in Richmond and later in the Berkeley plant.

The School Bond Issue

(Continued From Page One.)

a pretty good bargain has been driven by the Board.

It is desired to erect an intermediate school, the kind of school that has made Berkeley famous and popular far and wide, on half a block between Blisset and Chancery, running from Ninth half way toward Eighth. In such a school many smaller towns than Richmond are way ahead of us.

We found on digging down into the archives that the Board has got good prices for houses it has bought and then sold off the land required. The purchase price has to be paid first, though, and then that salvage is saved later on.

As stated yesterday in these columns, the usual procedure in buying a property has been for the Board to name a member of the purchasing committee, the seller to name another, and those two select a third, and it has been found that this is cheaper than condemnation proceedings, as juries always give the seller the best of it.

The Peres District. We visited the Peres school, out in the northwest section, and found there the same crowded condition, even a little unsightly shack being used as a classroom.

Here the Board proposes to buy sixty-one lots from the realty company owning the old Turpin tract, and we demanded and got the option of purchase, of which there are two, one calling for \$28,225, and the other for \$16,155, and for sixty-one lots that is cheap. In addition to the sixty-one, however, two or three streets will be closed, giving the equivalent to seventeen others, and the city already owns the block the Peres school is on. This is proposed to turn into a large playground for everybody, old or young, but especially for thousands of children. They can go there to play Saturdays and during vacations, as well as any time, and be properly supervised while so doing.

And now, as this story is stretching out into space, and is not half told yet, we shall have to chop it up into chapters and will give the next on in tomorrow's News.

A. B. DICKSTEIN SUED FOR DIVORCE

Yesterday afternoon Pierce & Carlson, attorneys for plaintiff, filed in the superior court of this county a suit for divorce for Mrs. A. B. Dickstein, against her husband, a well known Richmond merchant, engaged in the clothing and gent's furnishings business. The complaint alleges cruelty, both physical and mental, and asks for a division of the community property. In accordance the defendant was served with summons and copy of the complaint and attachment was levied upon his bank account at the First National Bank.

This came as a clap of thunder out of a clear sky in Richmond, where the many friends of this merchant and his wife never dreamed that their married life was not serene and pleasant. There are many tongues are wagging and speculation as to the why and wherefore are a rife.

It is all the more surprising to the community because of the well known fact that Jewish people are very seldom in the divorce courts. Dickstein is a prosperous merchant, with a store at the corner of Eighth and Macdonald. He has been here a number of years and recently enlarged to a double store. Mrs. Dickstein is one of the prettiest little ladies in the city.

The matter having been filed in court is now a matter of public record. Mr. Dickstein is very much worked up over it, but what steps he will take are at this time, unknown. A few weeks ago he was arrested for speeding in Oakland one night, and put in three days in jail there for it. Mr. Dickstein seems to be having all kinds of excitement lately.

HINDU MURDERER IS GIVEN HEARING

Waher Singh, the Hindu who was arrested in San Francisco several weeks ago by Sheriff R. R. Veale on a charge of murder, resulting from the alleged slaying of three of his fellow countrymen in their cabins on Jersey Island last September, was held to answer to the superior court by Justice of the Peace F. L. Glass at Martinez yesterday.

It is alleged that Maher Singh crouched into the huts of his countrymen during the night early in September and with a revolver shot them to death.

NOTICE

I will not be responsible for any debts contracted by my wife, Mrs. Margaret Mythen, after May 4, 1920.

107-51 FRANK J. MYTHEN.

NOTICE OF SALE OF REAL PROPERTY

In the Superior Court of the State of California, and for the County of Contra Costa.

In the Matter of the Estate of John Henry Price, Deceased.

NOTICE IS HEREBY GIVEN, that the undersigned, administrator of the estate of John Henry Price, deceased, will sell at private sale to the highest bidder for cash in gold coin of the United States, subject to confirmation by said Superior Court, on or after Monday, the 10th day of May, 1920, all the right, title, interest, and estate of said deceased in and to the following described real property, to-wit:

All those certain lots, pieces or parcels of land, situate, lying and being in the City of Richmond, County of Contra Costa, State of California, and described as follows, to-wit: Lots Fifteen (15), Sixteen (16), Thirty (30) and Thirty-one (31) in Block One (1) as delineated upon that certain map entitled "Map of the BELVEDERE TRACT, Point Richmond," being a portion of Lot No. 18 of the final partition of the San Pablo Rancho, Contra Costa County, Calif. Recorded as follows, to-wit: of February, 1904, in the office of the County Recorder of the County of Contra Costa, State of California.

Together with all and singular the tenements, hereditaments and appurtenances thereto in anywise appertaining. Terms and conditions of sale, cash in gold coin of the United States; ten (10) per cent of purchase price to be paid at the time of sale and the remainder on confirmation of sale by said Superior Court; deed and abstract, at the expense of purchaser. Bids and offers must be in writing and may be left at the offices of J. E. Rodgers and A. P. Bray, Attorneys at Law, Byron Brown Building, Martinez, California, or may be filed in the office of J. E. Rodgers, Clerk of the above entitled Superior Court at any time after the publication of this notice and before the making of said sale.

Dated April 22, 1920.

J. E. RODGERS and A. P. BRAY, Administrators of the Estate of John Henry Price, Deceased.

Filed April 25, May 3 and May 5, 1920.

CONSTANCE TALMAGE IS ATTRACTIVE STAR

Constance Talmage proves that a woman can get anything she wants if she only knows how to go about it, as you will see in "Two Weeks," a picture taken from "At the Barn," Anthony Wharton's play which will be shown at the Richmond theater today.

It's the story of a chorus girl who wins her way to stardom and then gives up the stage because she has found something more to her liking.
